**PROXY STATEMENT
FOR THE ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JULY 16, 2003**

June 6, 2003

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of SeaChange International, Inc. for use at the Annual Meeting of Stockholders to be held at the offices of Testa, Hurwitz & Thibault, LLP, High Street Tower, 125 High Street, Boston, Massachusetts 02110 on Wednesday, July 16, 2003 at 10:00 a.m. and at any adjournments thereof. This Proxy Statement and form of proxy will be mailed to stockholders on or about June 6, 2003. **All proxies will be voted in accordance with the stockholders' instructions, and if no choice is specified, the enclosed proxy card (or any signed and dated copy thereof) will be voted in favor of the matters set forth in the accompanying Notice of Meeting.** Any proxy may be revoked by a stockholder at any time before its exercise by either:

- delivering written revocation or a later dated proxy to the Secretary of SeaChange;
- entering a new vote by internet or telephone; or
- attending the Annual Meeting and voting in person.

Only stockholders of record as of the close of business on May 22, 2003, the record date fixed by the Board of Directors, will be entitled to vote at the Annual Meeting and at any adjournments thereof. As of May 22, 2003, there were an aggregate of 26,852,683 shares of common stock, par value \$.01 per share, of SeaChange outstanding and entitled to vote. Each share is entitled to one vote.

The presence, in person or by proxy, of at least a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to establish a quorum for the transaction of business. Shares represented by proxies pursuant to which votes have been withheld from any nominee for director, or which contain one or more abstentions or broker "non-votes," are counted as present for purposes of determining the presence or absence of a quorum for the Annual Meeting. A "non-vote" occurs when a broker or other nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker does not have discretionary voting power and has not received instructions from the beneficial owner.

Your vote is very important to SeaChange. Whether or not you plan to attend the Annual Meeting, you are urged to complete, sign and date the enclosed proxy card and return it in the envelope provided. No postage is required if your proxy card is mailed in the United States. Where you have specified a choice on the accompanying proxy card with respect to the proposal, your shares will be voted in accordance with your specifications. If you sign the proxy card but do not make specific choices, your shares will be voted in favor of

the proposals. If any other matter should be presented at the Annual Meeting upon which a vote properly may be taken, your shares will be voted in accordance with the judgment of the persons named in your proxy. The persons named as proxies, William C. Styslinger, III and William L. Fiedler, were selected by the Board of Directors and are officers of SeaChange. At present, the Board of Directors knows of no other matters to be presented at the Annual Meeting.

If you happen to receive more than one proxy card, this means that you have more than one account at the transfer agent and/or with a broker. Please sign and return all proxy cards to be sure that all of your shares are voted.

If you are the “registered holder” of the shares (the shares are held in your name), you can choose to vote by telephone or electronically by following the instructions on the enclosed proxy card.

If your shares are held by your broker in “street name”, you may still be able to vote by telephone or electronically. A large number of banks and brokerage firms are participating in the ADP Investor Communication Services online program. This program provides eligible stockholders the opportunity to vote via the Internet or by telephone. If your bank or brokerage firm is participating in ADP’s program, your voting form will provide instructions. If your voting form does not reference Internet or telephone information, please complete and return the paper proxy card in the self-addressed, postage paid envelope provided.

If you plan to attend the Annual Meeting and vote in person, SeaChange will give you a ballot or a new proxy card when you arrive, provided you are able to demonstrate that you were the beneficial owner of the shares on May 22, 2003. If your shares are held in the name of your broker, bank or other nominee, you must bring an account statement or letter from the nominee indicating that you were the beneficial owner of the shares on May 22, 2003, the record date for voting. “Registered holders” of shares need not bring such evidence as SeaChange will have at the Annual Meeting a list of its “registered holders” as of May 22, 2003, the record date for voting.

Election of Director. Directors are elected by a plurality of the votes cast, in person or by proxy, at the Annual Meeting. The one (1) nominee receiving the highest number of affirmative votes of the shares present or represented and voting on the election of a director at the Annual Meeting will be elected as a Class I Director for a three-year term. Only shares that are voted in favor of a particular nominee will be counted toward such nominee’s achievement of a plurality. Shares present at the Annual Meeting that are not voted for a particular nominee or shares present by proxy where the stockholder properly withholds authority to vote for such nominee will not be counted toward such nominee’s achievement of a plurality.

Other Matters. For all other matters being submitted to the stockholders at the Annual Meeting, the affirmative vote of the majority of shares present, in person or represented by proxy, and voting on that matter is required for approval. Abstentions, as well as broker “non-votes” are not considered to have been voted for this matter and have the practical effect of reducing the number of affirmative votes required to achieve a majority for such matter by reducing the total number of shares from which the majority is calculated.

PROPOSAL I
ELECTION OF DIRECTOR

Pursuant to SeaChange's Amended and Restated By-Laws, as amended, the Board of Directors of SeaChange is divided into three classes. There is one director currently serving in each of Class I and Class III, and two directors serving in Class II. Each director serves for a three-year term, with one class of directors being elected at each Annual Meeting. The Class I Director's term will expire at this Annual Meeting. All directors will hold office until their successors have been duly elected and qualified. Prior to the Annual Meeting, William C. Styslinger, III was the Class I Director; Martin R. Hoffmann and Thomas F. Olson were the Class II Directors; and Carmine Vona was the Class III Director. The nominee for the Class I Director is William C. Styslinger, III who is currently serving as the Class I Director of SeaChange. Shares represented by all proxies received by the Board of Directors and not so marked as to withhold authority to vote for the nominee will be voted for his election. The Board of Directors knows of no reason why the nominee should be unable or unwilling to serve, but if that should be the case, proxies will be voted for the election of some other person or persons, or for fixing the number of directors at a lesser number.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS
A VOTE "FOR" THE NOMINEE LISTED BELOW

The following table sets forth, for the nominee to be elected at the meeting and for each director whose term of office will extend beyond the meeting, the year each such nominee or director was first elected a director, the positions currently held by each nominee or director with SeaChange, the year each nominee's or director's term will expire and the class of director of each nominee or director.

(1) Assumes election of the Class I Director at the Annual Meeting.

Board of Directors' Meetings and Committees

The Board of Directors of SeaChange held six (6) meetings and acted by unanimous written consent two (2) times during the fiscal year ended January 31, 2003. Each of the directors attended at least 75% of the aggregate of all meetings of the Board of Directors and of all committees of the Board of Directors on which he then served held during fiscal year 2003.

SeaChange has a standing Compensation and Option Committee and an Audit Committee. The Compensation and Option Committee, of which Messrs. Hoffmann, Vona and Olson are members, determines the compensation, including stock options, of SeaChange's management and key employees and administers and makes recommendations concerning SeaChange's stock option plans. The Compensation and Option Committee held two (2) meetings and acted by unanimous written consent twelve (12) times during fiscal year 2003. The Audit Committee of which Messrs. Hoffmann, Vona and Olson are members, oversees financial results and internal controls of SeaChange, including matters relating to the appointment and activities of SeaChange's independent accountants. The Audit Committee held seven (7) meetings during fiscal year 2003. SeaChange does not currently have a Nominating Committee or a committee performing a similar function.

Report of the Audit Committee

The Audit Committee currently consists of Messrs. Hoffmann, Olson and Vona.

The functions of the Audit Committee are focused on the following areas:

- the soundness of SeaChange's internal controls;
- the reliability and integrity of SeaChange's accounting and financial reporting practices;
- the quality and integrity of SeaChange's financial reports;
- SeaChange's compliance with legal and regulatory requirements and internal policies; and
- the independence and performance of SeaChange's independent auditors.

The Audit Committee meets with management periodically to consider the adequacy of SeaChange's internal controls and the objectivity of its financial reporting. The Audit Committee discusses these matters with SeaChange's independent auditors and with appropriate company financial personnel.

The Audit Committee regularly meets privately with the independent auditors. The independent auditors have unrestricted access to the Audit Committee.

The Audit Committee met seven (7) times during fiscal year 2003.

The Audit Committee also recommends to the Board of Directors the appointment of the independent auditors and reviews periodically their performance and independence from management.

In addition, the Audit Committee reviews the financing plans of SeaChange and reports recommendations to the full Board of Directors for approval and to authorize action.

The Directors who serve on the Audit Committee are all "Independent" for purposes of Section 4200(a)(14) of the National Association of Securities Dealers' listing standards. That is, the Board of Directors has determined that none of the members of the Audit Committee has a relationship to SeaChange that may interfere with his independence from SeaChange and its management.

The Board of Directors has adopted a written charter setting out the functions the Audit Committee is to perform. A copy of this charter has been filed with the SEC with SeaChange's proxy statement for its 2001 annual meeting.

Management has primary responsibility for SeaChange's consolidated financial statements and the overall reporting process, including SeaChange's system of internal controls.

The independent auditors audit the annual consolidated financial statements prepared by management, express an opinion as to whether those consolidated financial statements fairly present, in all material respects, the financial position, results of operations and cash flows of SeaChange in conformity with accounting principles generally accepted in the United States of America and discuss with the Audit Committee any issues the independent auditors believe should be raised with SeaChange.

For fiscal year 2003, the Audit Committee reviewed the audited consolidated financial statements of SeaChange and met with both management and PricewaterhouseCoopers LLP, the company's independent auditors, to discuss those consolidated financial statements. Management has represented to the Audit Committee

that the consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America and that there were no significant deficiencies in the design or operation of internal controls which could adversely affect SeaChange's ability to record, process, summarize and report financial data and that there was no fraud, whether or not material, that involved management or other employees who have a significant role in SeaChange's internal controls.

The Committee has received from and discussed with PricewaterhouseCoopers LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). These items relate to PricewaterhouseCoopers LLP's independence from SeaChange. The Committee also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of SeaChange be included in its Annual Report on Form 10-K for the fiscal year ended January 31, 2003. The Audit Committee also recommended that PricewaterhouseCoopers LLP be retained as SeaChange's independent accountants for the 2004 fiscal year.

RESPECTFULLY SUBMITTED BY THE AUDIT
COMMITTEE OF THE BOARD OF DIRECTORS

Carmine Vona (Chairman)
Thomas F. Olson
Martin R. Hoffmann

OPTIONS AND STOCK PLANS

OPTION GRANTS IN LAST FISCAL YEAR

The following table sets forth information as to stock options granted to each of SeaChange's named executive officers during the fiscal year ended January 31, 2003 under SeaChange's Amended and Restated 1995 Stock Option Plan. All options listed below were granted under SeaChange's Amended and Restated 1995 Stock Option Plan and vest 25% on the first anniversary of the date of grant and 6.25% each quarter thereafter.

The percentage of total options granted to SeaChange employees in the fiscal year ended January 31, 2003 is based on options granted during that period to purchase an aggregate of 1,732,531 shares.

Amounts that may be realized upon exercise of the options immediately before the expiration of their term, assuming the specified compound rates of appreciation (5% and 10%) on the market value of the common stock on the date of option grant over the term of the options. These numbers are calculated based on rules promulgated by the Securities and Exchange Commission and do not reflect SeaChange's estimate of future stock price growth. Actual gains, if any, on stock option exercises and common stock holdings are dependent on the timing of exercise and the future performance of the common stock. However, the rates of appreciation assumed in this table may not be realized or the amounts reflected may not be received by the individuals.

Option Exercises and Fiscal Year-End Option Values

The following table sets forth as of January 31, 2003 information with respect to options to purchase common stock granted under SeaChange's Amended and Restated 1995 Stock Option Plan to its named executive officers.

The value of unexercised in-the-money options as of January 31, 2003 is based on the difference between the option exercise price and the fair market value of SeaChange's common stock at January 31, 2003, the company's fiscal year-end (\$7.570 per share as quoted on the Nasdaq National Market), multiplied by the number of shares underlying the option.

Equity Compensation Plan Information

The following table provides information about the common stock that may be issued upon the exercise of options, warrants and rights under all of SeaChange's existing equity compensation plans as of January 31, 2003, including the Amended and Restated 1995 Stock Option Plan, the 1996 Non-Employee Director Stock Option Plan and the Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended. The numbers reflected in the table below do not include the proposed increase in the number of shares available pursuant to the Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended, as the increase is contingent on stockholder approval at the Annual Meeting.

- (2) Excludes the shares to be issued for the period ended May 31, 2003 under the Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended, because the number of shares to be issued upon exercise of currently outstanding options thereunder cannot be determined, as it will be determined on May 31, 2003, the last day of the payment period, and will be for a maximum of 1,125 shares per eligible participant.

-
- (3) As of January 31, 2003, 3,121,338 shares remained available for issuance under the Amended and Restated 1995 Stock Option Plan and 176,197 shares remained available for grant under the Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended. As of January 31, 2003, no shares remained available for issuance under the 1996 Non-Employee Director Stock Option Plan as this plan was terminated by the Board of Directors in May 2002.
- (4) Pursuant to the Video-on-demand Purchase Agreement, dated as of December 1, 2000, by and between SeaChange and Comcast Cable Communications of Pennsylvania, Inc., Comcast may, through December 31, 2003, earn warrants exercisable for a maximum of 450,000 shares of common stock based on the number of cable subscribers in excess of one million who are served by SeaChange's systems that have been purchased by Comcast. To date, there have been a total of two such grants to purchase a total of 15,235 and 887 shares of SeaChange's common stock, respectively. The exercise prices are \$11.94 and \$8.01, respectively. Each of the warrants are nonforfeitable, fully exercisable and have a five year term. Pursuant to the Common Stock and Warrant Purchase Agreement, dated as of February 28, 2001, by and between SeaChange and Comcast SC Investment, Inc., three grants to purchase a total of 100,000, 25,000 and 14,667 shares of SeaChange's common stock were made, each at an exercise price of \$13.225 per share. Each of the warrants are nonforfeitable, freely exercisable and expire February 27, 2006. These warrants were issued in connection with the purchase by Comcast of shares of SeaChange's common stock in a private placement, with the number of shares covered by these warrants determined based on the timing of the effectiveness of the resale registration statement filed in connection with this private placement.
- (5) Excludes the weighted average exercise price for shares to be issued under the Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended, because the weighted average exercise price of currently outstanding options thereunder cannot be determined, as it will be equal to 85% of the lower of the average market price of the common stock on December 1, 2002 and May 31, 2003, the first and last business day of the applicable payment period.

Compensation and Option Committee Report

To SeaChange Stockholders:

SeaChange's executive compensation program is administered by the Compensation and Option Committee of the Board of Directors, which is comprised entirely of non-employee directors. Pursuant to authority delegated by the Board of Directors, the Compensation and Option Committee is responsible for reviewing and administering the company's stock ownership plans and reviewing and approving compensation for the executive officers of SeaChange.

SeaChange's executive compensation program is designed to provide levels of compensation that assist the company in attracting, motivating and retaining qualified executive officers and aligning the financial interests of the executive officers and other employees of SeaChange with those of its stockholders by providing a competitive compensation package based on corporate and individual performance. Compensation under the executive compensation program is comprised of cash compensation in the form of base salary and long-term incentive awards in the form of stock option grants. The compensation program is also comprised of various benefits, including medical and insurance plans, and the 1996 Employee Stock Purchase Plan and 401(k) profit sharing plan, which plans are generally available to all employees of SeaChange.

Base Salary

Base salary compensation levels for each of the executive officers of SeaChange, including the Chief Executive Officer, are generally set within the range of base salaries that the Compensation and Option Committee believes are paid to executive officers with comparable qualifications, experience and responsibilities at comparable companies. In setting compensation levels, the Compensation and Option Committee generally takes into account such factors as:

- the company's past operating and financial performance and future expectations;
- individual performance and experience; and
- past salary levels.

The Compensation and Option Committee does not assign relative weights or rankings to these factors, but instead makes determinations based upon the consideration of all of these factors as well as the progress made with respect to the long-term goals and strategies of SeaChange.

Incentive Compensation

For fiscal year 2003, SeaChange awarded bonuses in the aggregate amount of \$171,325 to its executive officers. These bonus payments were made in recognition of the executive officers' contributions to fiscal year 2003 company performance.

Stock Options

Stock options are the principal vehicle used by SeaChange to provide long-term incentive-based compensation to improve its operating and financial performance and to support the recruitment, motivation and retention of key professional and managerial personnel. SeaChange's stock option plans are administered by the Compensation and Option Committee. To date, the Compensation and Option Committee has not granted stock options at less than fair market value.

Stock options are granted from time to time to eligible employees based upon SeaChange's overall financial performance and their contribution thereto. Stock options are designed to align the interests of SeaChange's executive officers and other employees with those of its stockholders by encouraging them to enhance the value

of the company, the price of the common stock and, hence, the stockholders' return. In addition, the vesting of stock options over a period of time is designed to defer the receipt of compensation by the option holder, thus creating an incentive for the individual to remain with SeaChange. SeaChange periodically grants new options to provide continuing incentives for future performance.

During the fiscal year ended January 31, 2003, options to purchase an aggregate of 170,000 shares of common stock were granted to the executive officers of SeaChange, including the Chief Executive Officer. Such grants were made in recognition of the executive officers' contributions to fiscal year 2003 company performance and as an incentive for future performance.

Other Benefits

SeaChange also has various broad-based employee benefit plans. Executive officers participate in these plans on the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. SeaChange offers a stock purchase plan, under which employees may purchase common stock at a discount, and a 401(k) profit sharing plan, which permits employees to invest in a choice of mutual funds on a pre-tax basis. SeaChange also maintains medical, disability and life insurance plans and other benefit plans for its employees.

Tax Deductibility of Executive Compensation

In general, under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), SeaChange cannot deduct, for federal income tax purposes, compensation in excess of \$1,000,000 paid to certain executive officers. This deduction limitation does not apply, however, to compensation that constitutes "qualified performance-based compensation" within the meaning of Section 162(m) of the Code and the regulations promulgated thereunder. The Compensation and Option Committee has considered the limitations on deductions imposed by Section 162(m) of the Code, and it is the Compensation and Option Committee's present intention that, for so long as it is consistent with its overall compensation objective, executive compensation shall be structured to minimize application of the deduction limitations of Section 162(m) of the Code.

THE COMPENSATION AND OPTION COMMITTEE:

Martin R. Hoffmann (Chairman)
Thomas F. Olson
Carmine Vona

Compensation Committee Interlocks and Insider Participation

The Compensation and Option Committee consists of Messrs. Hoffmann, Vona and Olson. No person who served as a member of the Compensation and Option Committee was, during the past fiscal year, an officer or employee of SeaChange or any of its subsidiaries, was formerly an officer of SeaChange or any of its subsidiaries, or had any relationship requiring disclosure herein. No executive officer of SeaChange served as a member of the compensation committee of another entity (or other committee of the Board of Directors performing equivalent functions or, in the absence of any such committee, the entire Board of Directors), one of whose executive officers served as a director of SeaChange.

Compensation of Directors

During the fiscal year ended January 31, 2003, directors who were employees of SeaChange received no cash compensation for their services as directors, except for reimbursement of expenses incurred in connection with attending meetings. In fiscal year 2003, SeaChange paid directors who are not employees of the company a fee of \$1,000 for each meeting of the Board of Directors that they attended in person and such directors were reimbursed for their reasonable out-of-pocket expenses incurred in attending such meetings. Each non-employee director was also entitled to participate in SeaChange's Amended and Restated 1995 Stock Option Plan, though none of the non-employee directors were granted options thereunder during fiscal year 2003. In May 2003, the board of directors of SeaChange adopted a compensation policy for non-employee directors whereby non-employee directors will be entitled to receive an option to purchase 2,500 shares of SeaChange's common stock each quarter, for an aggregate annual grant of 10,000 shares.

Stock Performance Graph

The following graph compares the change in the cumulative total stockholder return on SeaChange's common stock during the period from the close of trading on December 31, 1997 through January 31, 2003, with the cumulative total return on the Center for Research in Securities Prices ("CRSP") Index for the Nasdaq Stock Market (U.S. Companies) and a SIC Code Index based on the SeaChange's SIC Code. The comparison assumes \$100 was invested on December 31, 1997 in SeaChange's common stock at the \$4.75 closing price on that date and in each of the foregoing indices and assumes reinvestment of dividends, if any.

The following graph is not "soliciting material," is not deemed filed with the Securities and Exchange Commission and is not to be incorporated by reference in any filing of SeaChange under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing. PROPOSAL II
AMENDMENT TO SEACHANGE'S SECOND AMENDED AND RESTATED
1996 EMPLOYEE STOCK PURCHASE PLAN, AS AMENDED

Proposed Amendment

In May 2003, the Board of Directors adopted an amendment to the Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended (the "Stock Purchase Plan") which is the subject of this proposal. The Board of Directors has approved and recommends to the stockholders that they approve an amendment to the Stock Purchase Plan that will increase the aggregate number of shares authorized for issuance under the Stock Purchase Plan from 700,000 to 1,100,000 shares.

SeaChange's management relies on stock purchases as an essential part of the compensation packages necessary for SeaChange to attract and retain experienced officers and employees. The Board of Directors of SeaChange believes that the proposed amendment is essential to permit SeaChange's management to continue to provide long-term, equity-based incentives to present and future employees.

The 1996 Employee Stock Purchase Plan was adopted by the Board of Directors on September 6, 1996 and was approved by SeaChange's stockholders on October 25, 1996. The 1996 Employee Stock Purchase Plan was amended and restated on May 29, 1997 to constitute the Amended and Restated 1996 Employee Stock Purchase Plan. The Amended and Restated 1996 Employee Stock Purchase Plan was amended and restated on April 14, 2000 to constitute the Second Amended and Restated 1996 Employee Stock Purchase Plan. The Second Amended and Restated 1996 Employee Stock Purchase Plan was amended on July 17, 2002 to constitute the Second Amended and Restated 1996 Employee Stock Purchase Plan (the "Stock Purchase Plan", as earlier defined). In May 2003, the Board of Directors adopted the amendment to the Stock Purchase Plan which is the subject of this proposal.

For the fiscal year ended January 31, 2003, SeaChange issued 174,173 shares under the Stock Purchase Plan. As of May 22, 2003, only 176,197 shares remained available for issuance under the Stock Purchase Plan. If the increase in the number of shares authorized for issuance under the Stock Purchase Plan is not approved, SeaChange may become unable to provide suitable long-term equity-based incentives to present and future employees.

Description of the Stock Purchase Plan

The Stock Purchase Plan is intended to provide an incentive to, and to encourage stock ownership by, all eligible employees of SeaChange and its participating subsidiaries so that they may share in the growth of SeaChange by acquiring or increasing their proprietary interest in the Company. Currently, it is estimated that 446 SeaChange people are eligible to participate in the Stock Purchase Plan. The Stock Purchase Plan is designed to encourage eligible employees to remain in the employ of SeaChange and its participating subsidiaries. Under the Stock Purchase Plan, payroll deductions are used to purchase common stock for eligible participating employees through the exercise of stock options. The following is a summary of the Stock Purchase Plan.

The Stock Purchase Plan constitutes an "employee stock purchase plan" within the meaning of Section 423(b) of the Internal Revenue Code of 1986, as amended (the "Code").

The Stock Purchase Plan is administered by the Board of Directors or a committee which the Board may designate. The Board of Directors, subject to the provisions of the Stock Purchase Plan, has the power to construe the Stock Purchase Plan, to determine all questions thereunder, and to adopt and amend such rules and regulations for administration of the Stock Purchase Plan as it may deem appropriate. The Board of Directors may from time to time adopt amendments to the Stock Purchase Plan provided that, without the approval of SeaChange's stockholders, no amendment may increase the number of shares that may be issued under the Stock Purchase Plan or change the class of employees eligible to receive options under the Stock Purchase Plan if such action would be treated as the adoption of a new plan for purposes of Section 423(b) of the Code.

The Stock Purchase Plan may be terminated at any time by the Board of Directors, provided that such termination will not affect options then outstanding under the Stock Purchase Plan. If at any time shares of common stock reserved for issuance under the Stock Purchase Plan remain available for purchase, but not in sufficient number to satisfy all then unfilled purchase requirements, the available shares will be apportioned among participants in proportion to the amount of payroll deductions accumulated on behalf of each participant that would otherwise be used to purchase stock, and the Stock Purchase Plan will terminate. Upon termination of the Stock Purchase Plan, all payroll deductions not used to purchase common stock will be refunded to Stock Purchase Plan participants without interest.

As amended, the Stock Purchase Plan would authorize the issuance of up to 400,000 shares of common stock in addition to the 700,000 shares of common stock previously authorized (subject to adjustment for changes in SeaChange's capital stock) pursuant to the exercise of non-transferable options granted to participating employees. The common stock subject to the options under the Stock Purchase Plan includes shares of authorized but unissued common stock and shares of common stock reacquired by SeaChange, including shares purchased in the open market.

An employee electing to participate in the Stock Purchase Plan must authorize, with respect to a given payment period, an amount (a whole percentage not less than 1% nor more than 10% of the employee's cash compensation, including base pay or salary and any overtime, bonuses or commissions) to be deducted by SeaChange from the employee's pay and applied toward the purchase of common stock under the Stock Purchase Plan. For the duration of the Stock Purchase Plan, the payment periods are defined as the six month periods commencing on June 1 and December 1 and ending on November 30 and May 31, respectively.

Employees of SeaChange or any of its participating subsidiaries whose customary employment is more than 20 hours per week and for more than 5 months in any calendar year on or before the first day of a particular payment period, are eligible to participate in the Stock Purchase Plan. An employee may not be granted an option under the Stock Purchase Plan if, after the granting of the option, such employee would be treated as owning 5% or more of the total combined voting power or value of all classes of stock of SeaChange or its subsidiaries. Directors who are not employees of SeaChange may not participate in the Stock Purchase Plan.

On the first business day of each payment period, SeaChange will grant to each Stock Purchase Plan participant an option to purchase shares of the common stock of SeaChange. On the last day of the payment period, the employee will be deemed to have exercised this option, at the option price, to the extent of such employee's accumulated payroll deductions, on the condition that the employee remains eligible to participate in the Stock Purchase Plan throughout such payment period. In no event, however, may the employee exercise an option granted under the Stock Purchase Plan for more than 1,125 shares during a payment period. If the amount of the accumulated payroll deductions exceeds the aggregate purchase price of 1,125 shares, the excess deductions will be promptly refunded to the employee without interest. Furthermore, no employee may be granted an option which permits the employee's right to purchase shares of common stock under the Stock Purchase Plan and all other Section 423(b) plans of SeaChange and any subsidiary corporations, to accrue at a rate which exceeds \$25,000 of fair market value of such stock (determined on the respective date(s) of grant) for each calendar year in which the option is outstanding. Any excess accumulation of payroll deductions will be promptly refunded to the employee without interest. Under the terms of the Stock Purchase Plan, the option price is an amount equal to the lesser of:

- 85% of the average market price of the common stock on the first business day of the payment period; and
- 85% of the average market price of the common stock on the last business day of the payment period, in either event rounded up to avoid fractions of a dollar other than $\frac{1}{4}$, $\frac{1}{2}$, and $\frac{3}{4}$.

SeaChange will accumulate and hold for the employee's account the amounts deducted from his or her pay. No interest will be paid on these amounts.

As SeaChange's common stock is quoted on the Nasdaq National Market, for purposes of the Stock Purchase Plan, the term "average market price" on any date means the last reported sale price (on that date) of the common stock on the Nasdaq National Market.

An employee may enter the Stock Purchase Plan by delivering to SeaChange, at least 10 days before the beginning date of the next succeeding payment period, an authorization:

- stating the initial percentage to be deducted regularly from the employee's pay;
- authorizing the purchase of shares of common stock for the employee in each payment period in accordance with the terms of the Stock Purchase Plan; and
- specifying the exact name or names in which stock purchased for the employee is to be issued.

Unless an employee files a new authorization or withdraws from the Stock Purchase Plan, the deductions and purchases under the authorization the employee has on file under the Stock Purchase Plan will continue from the initial payment period to succeeding payment periods as long as the Stock Purchase Plan is in effect. Deductions may not be increased or decreased during a payment period.

An employee may withdraw from the Stock Purchase Plan, in whole but not in part, at any time prior to the last business day of each payment period by delivering a withdrawal notice to SeaChange, in which event SeaChange will refund the entire balance of the employee's deductions not previously used to purchase stock under the Stock Purchase Plan.

If an employee is not a participant in the Stock Purchase Plan on the last day of the payment period, the employee generally is not entitled to exercise his or her option. An employee's rights under the Stock Purchase Plan generally terminate upon his or her voluntary withdrawal from the Stock Purchase Plan at any time, or when he or she ceases employment because of retirement, voluntary or involuntary termination, resignation, layoff, discharge, death, or for any other reason. An employee's employment shall be treated as continuing intact which such employee is on military leave, sick leave or other bona fide leave of absence, for up to 90 days or for so long as the employee's right to re-employment is guaranteed either by statute or by contract, if longer than 90 days.

An employee's rights under the Stock Purchase Plan are the employee's alone and may not be transferred to, assigned to, or availed of by, any other person. Any option granted to an employee may be exercised, during the employee's lifetime, only by the employee.

The proceeds received by SeaChange from the sale of common stock pursuant to the Stock Purchase Plan will be used for general corporate purposes. SeaChange's obligation to deliver shares of common stock is subject to the approval of any governmental authority required in connection with the sale or issuance of such shares.

Option holders are generally protected against dilution in the event of certain capital changes such as a recapitalization, stock split, merger, consolidation, reorganization, combination, liquidation, stock dividend or similar transaction. If a stock purchase option granted under the Stock Purchase Plan expires or terminates for any reason without having been exercised in whole or in part, the unpurchased shares subject thereto may again be available under the Stock Purchase Plan. Unless terminated sooner, the Stock Purchase Plan will terminate at the end of the day on December 31, 2006.

Federal Income Tax Consequences

The following summarizes certain United States federal income tax considerations for employees participating in the Stock Purchase Plan and certain tax effects to SeaChange. The summary, however, does not address every situation that may result in taxation. For example, it does not discuss foreign, state, or local taxes, or any of the tax implications arising from a participant's death. The summary is not intended as a substitute for

careful tax planning, and each employee is urged to consult with and rely on his or her own advisors with respect to the possible tax consequences (federal, state and local) of exercising his or her rights under the Stock Purchase Plan. The Stock Purchase Plan is not subject to the provisions of the Employee Retirement Income Security Act of 1974, and the provisions of Section 401(a) of the Internal Revenue Code of 1986, as amended, are not applicable to the Stock Purchase Plan.

The amounts deducted from an employee's pay under the Stock Purchase Plan are included in the employee's compensation subject to United States federal income tax, and SeaChange will withhold taxes on these amounts. Generally, an employee will not recognize any additional income at the time options are granted pursuant to the Stock Purchase Plan or at the time the employee purchases common stock under the Stock Purchase Plan. An employee may recognize additional income, however, when he or she disposes of such stock.

If an employee disposes of common stock purchased pursuant to the Stock Purchase Plan within two years after the first business day of the payment period in which such stock was purchased, the employee will recognize ordinary compensation income (i.e., not capital gain income) at the time of such disposition in an amount equal to the excess of the fair market value of the stock on the day the stock was purchased over the purchase price the employee paid for the stock. In addition, the employee generally will recognize a capital gain or loss in an amount equal to the difference between the amount realized upon the sale of the stock and his or her basis in the stock (that is, his or her purchase price plus the amount taxed as ordinary compensation income). If the employee's holding period with respect to such shares exceeds one year, such gain or loss will be long-term capital gain or loss.

If an employee disposes of common stock purchased pursuant to the Stock Purchase Plan more than two years after the first business day of the payment period in which such stock was purchased, the employee will recognize ordinary compensation income at the time of such disposition in an amount equal to the lesser of:

- the excess of the fair market value of the stock measured at the time of such disposition over the amount paid for the stock; and
- approximately 15% of the fair market value of the stock measured as of the first business day of the payment period in which the stock was purchased.

In addition, the employee generally will recognize a long-term capital gain or loss in an amount equal to the difference between the amount realized upon the disposition of the stock and his or her basis in the stock (that is, his or her purchase price plus the amount, if any, taxed as ordinary compensation income).

The maximum rate of tax on ordinary compensation income and short-term capital gain (i.e., gain on capital assets held for one year or less) is currently 38.6%, though this rate is scheduled to decline for tax years beginning after 2003. Currently, the maximum rate of tax on long-term capital gain (i.e., gain on capital assets held for longer than one year) is generally 20%. The rate for long-term capital gain on shares held for more than five years is generally 18% if the shares are acquired pursuant to an option granted after December 31, 2000.

If an employee disposes of common stock purchased pursuant to the Stock Purchase Plan within two years after the first business day of the payment period in which such stock was purchased, SeaChange generally will be entitled to a deduction for United States federal income tax purposes in an amount equal to the ordinary compensation income recognized by the employee as a result of the disposition. If an employee disposes of common stock purchased pursuant to the Stock Purchase Plan more than two years after the first business day of the payment period in which such stock was purchased, SeaChange will not receive any deduction for United States federal income tax purposes with respect to such stock.

SECOND AMENDED AND RESTATED 1996 EMPLOYEE STOCK PURCHASE PLAN**

ACCOUNTANTS

PricewaterhouseCoopers LLP has audited and reported upon the financial statements of SeaChange for the fiscal year ended January 31, 2003. PricewaterhouseCoopers LLP has served as SeaChange's independent accountants since 1993. The Board of Directors has selected the firm of PricewaterhouseCoopers LLP, independent accountants, to serve as auditors for the fiscal year ending January 31, 2004.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Audit Fees. The aggregate fees billed for professional services rendered by PricewaterhouseCoopers LLP for the fiscal years ended January 31, 2003, and January 31, 2002, for (a) the audit of SeaChange's annual financial statements for each such fiscal year including foreign statutory audits, (b) the review of the quarterly financial statements included in SeaChange's Forms 10-Q for each such fiscal year and (c) reviews of SEC filings amounted to \$320,600 and \$300,600, respectively.

Audit-Related Fees. The aggregate fees billed for audit-related services that are not reported as *Audit Fees* for the fiscal years ended January 31, 2003, and January 31, 2002, amounted to \$135,500 and \$47,000, respectively. The *Audit-Related Fees* for the fiscal year ended January 31, 2003, related to the audit of SeaChange's 401(k) retirement savings plan and consultations related to the accounting and SEC financial reporting requirements for certain equity investments made by the Company. The *Audit-Related Fees* for the fiscal year ended January 31, 2002 related to the audit of SeaChange's 401(k) retirement savings plan and other accounting consultations.

Tax Fees. The aggregate fees billed for professional services for tax compliance, tax advice and tax planning for the fiscal years ended January 31, 2003 and January 31, 2002 amounted to \$162,300 and \$179,000, respectively. The *Tax Fees* for each of the foregoing fiscal years related to tax planning and compliance services, including the preparation of original and amended tax returns and claims for refunds.

All Other Fees. The aggregate fees billed for products and services provided by PricewaterhouseCoopers LLP, other than those discussed above, for the fiscal years ended January 31, 2003 and January 31, 2002, amounted to \$0 and \$0, respectively.

The Audit Committee of the Board of Directors has determined that the provision of the services as set out above is compatible with maintaining PricewaterhouseCoopers LLP's independence.

Subsequent to the enactment of the Sarbanes-Oxley Act of 2002 in July 2002 and prior to the Securities and Exchange Commission's proposal of rules with respect to the pre-approval of non-audit services in December 2002, SeaChange's audit committee approved the provision by PricewaterhouseCoopers LLP of the following services that may be considered "non-audit" services: audit of SeaChange's benefit plans; services performed in connection with SeaChange's filing of documents pursuant to the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended; assistance with the preparation of tax returns for SeaChange; assistance with the processing by SeaChange of state tax returns and refund claims associated therewith; and assistance with other tax services.

DEADLINE FOR SUBMISSION OF STOCKHOLDER PROPOSALS

Proposals of stockholders intended to be presented at the 2004 Annual Meeting of Stockholders must be received no later than the close of business on February 6, 2003 at SeaChange's principal executive offices in order to be included in the SeaChange proxy statement for that meeting. Any such stockholder proposals should be submitted to SeaChange International, Inc., 124 Acton Street, Maynard, Massachusetts, 01754, Attention: Secretary. Under the By-Laws of SeaChange, stockholders who wish to make a proposal at the 2004 Annual

Meeting—other than one that will be included in SeaChange’s proxy materials—must notify SeaChange no earlier than January 7, 2004, and no later than February 6, 2004. If a stockholder who wishes to present a proposal fails to notify SeaChange by February 6, 2004, the stockholder would not be entitled to present the proposal at the meeting. If, however, notwithstanding the requirements of the By-Laws of SeaChange, the proposal is brought before the meeting, then under the SEC’s proxy rules the proxies solicited by management with respect to the 2004 Annual Meeting will confer discretionary voting authority with respect to the stockholder’s proposal on the persons selected by management to vote the proxies. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the SEC’s proxy rules.

In order to curtail controversy as to the date on which a proposal will be marked as received by the corporation, it is suggested that proponents submit their proposals by Certified Mail, Return Receipt Requested.

EXPENSES AND SOLICITATION

All costs of solicitation of proxies will be borne by SeaChange. In addition to solicitations by mail, certain of SeaChange’s directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, facsimile, e-mail and personal interviews. Brokers, custodians and fiduciaries will be requested to forward proxy soliciting material to the owners of stock held in their names, and SeaChange will reimburse them for their reasonable out-of-pocket costs. Solicitation by officers and employees of SeaChange may also be made of some stockholders in person or by mail, telephone, facsimile or e-mail following the original solicitation. SeaChange has retained Mellon Investor Services LLC of East Hartford, Connecticut to assist in the solicitation of proxies at a cost estimated not to exceed \$7,500.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires SeaChange’s directors, executive officers and holders of more than 10% of SeaChange’s common stock (collectively, “Reporting Persons”) to file with the SEC initial reports of ownership and reports of changes in ownership of common stock of SeaChange. Such persons are required by regulations of the SEC to furnish SeaChange with copies of all such filings. Based on its review of the copies of such filings received by it with respect to the fiscal year ended January 31, 2003 and written representations from certain Reporting Persons, SeaChange believes that all Reporting Persons complied with all Section 16(a) filing requirements in the fiscal year ended January 31, 2003, except that Messrs. Styslinger, Fiedler and Mann, each executive officers of SeaChange, each failed to timely report one transaction.

SEACHANGE INTERNATIONAL, INC.

SECOND AMENDED AND RESTATED
1996 EMPLOYEE STOCK PURCHASE PLAN, AS AMENDED**Article 1 - Purpose.**

This Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended (the “Plan”), is intended to encourage stock ownership by all eligible employees of SeaChange International, Inc. (the “Company”), a Delaware corporation, and its participating subsidiaries (as defined in Article 17) so that they may share in the growth of the Company by acquiring or increasing their proprietary interest in the Company. The Plan is designed to encourage eligible employees to remain in the employ of the Company and its participating subsidiaries. The Plan is intended to constitute an “employee stock purchase plan” within the meaning of Section 423(b) of the Internal Revenue Code of 1986, as amended (the “Code”).

Article 2 - Administration of the Plan.

The Plan may be administered by a committee appointed by the Board of Directors of the Company (the “Committee”). The Committee shall consist of not less than two members of the Company’s Board of Directors. The Board of Directors may from time to time remove members from, or add members to, the Committee. Vacancies on the Committee, howsoever caused, shall be filled by the Board of Directors. The Committee may select one of its members as Chairman, and shall hold meetings at such times and places as it may determine. Acts by a majority of the Committee, or acts reduced to or approved in writing by a majority of the members of the Committee, shall be the valid acts of the Committee.

The interpretation and construction by the Committee of any provisions of the Plan or of any option granted under it shall be final, unless otherwise determined by the Board of Directors. The Committee may from time to time adopt such rules and regulations for carrying out the Plan as it may deem best, provided that any such rules and regulations shall be applied on a uniform basis to all employees under the Plan. No member of the Board of Directors or the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any option granted under it.

In the event the Board of Directors fails to appoint or refrains from appointing a Committee, the Board of Directors shall have all power and authority to administer the Plan. In such event, the word “Committee” wherever used herein shall be deemed to mean the Board of Directors.

Article 3 - Eligible Employees.

All employees of the Company or any of its participating subsidiaries whose customary employment is more than 20 hours per week and for more than five months in any calendar year shall be eligible to receive options under the Plan to purchase Common Stock (as defined herein), and all eligible employees shall have the same rights and privileges hereunder. Persons who are eligible employees on the first business day of any Payment Period (as defined in Article 5) shall receive their options as of such day. Persons who become eligible employees after any date on which options are granted under the

*Numbers used herein reflect the amendment to the Second Amended and Restated 1996 Employee Stock Purchase Plan, as amended, approved by the Board of Directors in May 2003.

Plan shall be granted options on the first day of the next succeeding Payment Period on which options are granted to eligible employees under the Plan. In no event, however, may an employee be granted an option if such employee, immediately after the option was granted, would be treated as owning stock possessing five percent or more of the total combined voting power or value of all classes of stock of the Company or of any parent corporation or subsidiary corporation, as the terms "parent corporation" and "subsidiary corporation" are defined in Section 424(e) and (f) of the Code. For purposes of determining stock ownership under this paragraph, the rules of Section 424(d) of the Code shall apply, and stock which the employee may purchase under outstanding options shall be treated as stock owned by the employee.

Article 4 - Stock Subject to the Plan.

The stock subject to the options under the Plan shall be shares of the Company's authorized but unissued Common Stock, par value \$.01 per share (the "Common Stock"), or shares of Common Stock reacquired by the Company, including shares purchased in the open market. The aggregate number of shares which may be issued pursuant to the Plan is 1,100,000, subject to adjustment as provided in Article 12. If any option granted under the Plan shall expire or terminate for any reason without having been exercised in full or shall cease for any reason to be exercisable in whole or in part, the unpurchased shares subject thereto shall again be available under the Plan.

Article 5 - Payment Period and Stock Options.

Prior to May 1, 2000, Payment Periods shall consist of the six-month periods commencing on May 1 and November 1 and ending on October 31 and April 30. The Payment Period commencing May 1, 2000 shall extend for the seven-month period from May 1, 2000 to November 30, 2000. Thereafter and for the remainder of the duration of the Plan, Payment Periods shall consist of the six-month periods commencing on June 1 and December 1 and ending on November 30 and May 31.

Twice each year, on the first business day of each Payment Period, the Company will grant to each eligible employee who is then a participant in the Plan an option to purchase on the last business day of such Payment Period, at the Option Price hereinafter provided for, a maximum of 1125 shares, on condition that such employee remains eligible to participate in the Plan throughout the remainder of such Payment Period. The participant shall be entitled to exercise the option so granted only to the extent of the participant's accumulated payroll deductions on the last business day of such Payment Period. If the participant's accumulated payroll deductions on the last business day of the Payment Period would enable the participant to purchase more than 1125 shares except for the 1125-share limitation, the excess of the amount of the accumulated payroll deductions over the aggregate purchase price of the 1125 shares shall be promptly refunded to the participant by the Company, without interest. The Option Price per share for each Payment Period shall be the lesser of (i) 85% of the average market price of the Common Stock on the first business day of the Payment Period and (ii) 85% of the average market price of the Common Stock on the last business day of the Payment Period, in either event rounded up to avoid fractions of a dollar other than 1/4, 1/2 and 3/4. The foregoing limitation on the number of shares subject to options and the Option Price shall be subject to adjustment as provided in Article 12.

For purposes of the Plan, the term "average market price" on any date means (i) the average (on that date) of the high and low prices of the Common Stock on the principal national securities exchange on which the Common Stock is traded, if the Common Stock is then traded on a national securities exchange; or (ii) the last reported sale price (on that date) of the Common Stock on the Nasdaq National Market, if the Common Stock is not then traded on a national securities exchange; or (iii) the average of the closing bid and asked prices last quoted (on that date) by an established quotation service for over-

the-counter securities, if the Common Stock is not then traded on a national securities exchange or reported on the Nasdaq National Market; or (iv) if the Common Stock is not publicly traded, the fair market value of the Common Stock as determined by the Committee after taking into consideration all factors which it deems appropriate, including, without limitation, recent sale and offer prices of the Common Stock in private transactions negotiated at arm's length.

For purposes of the Plan, the term "business day" means a day on which there is trading on the Nasdaq National Market or the aforementioned national securities exchange, whichever is applicable pursuant to the preceding paragraph; and if neither is applicable, a day that is not a Saturday, Sunday or legal holiday in the Commonwealth of Massachusetts.

No employee shall be granted an option which permits the employee's right to purchase stock under the Plan, and under all other Section 423(b) employee stock purchase plans of the Company and any parent or subsidiary corporations, to accrue at a rate which exceeds \$25,000 of fair market value of such stock (determined on the date or dates that options on such stock were granted) for each calendar year in which such option is outstanding at any time. The purpose of the limitation in the preceding sentence is to comply with Section 423(b)(8) of the Code. If the participant's accumulated payroll deductions on the last business day of the Payment Period would otherwise enable the participant to purchase Common Stock in excess of the Section 423(b)(8) limitation described in this paragraph, the excess of the amount of the accumulated payroll deductions over the aggregate purchase price of the shares actually purchased shall be promptly refunded to the participant by the Company, without interest.

Article 6 - Exercise of Option.

Each eligible employee who continues to be a participant in the Plan on the last business day of a Payment Period shall be deemed to have exercised his or her option on such date and shall be deemed to have purchased from the Company such number of full shares of Common Stock reserved for the purpose of the Plan as the participant's accumulated payroll deductions on such date will pay for at the Option Price, subject to the 1125-share limit of the option and the Section 423(b)(8) limitation described in Article 5. If the individual is not a participant on the last business day of a Payment Period, he or she shall not be entitled to exercise his or her option. Only full shares of Common Stock may be purchased under the Plan. Unused payroll deductions remaining in a participant's account at the end of a Payment Period by reason of the inability to purchase a fractional share shall be carried forward to the next Payment Period.

Article 7 - Authorization for Entering the Plan.

An employee may elect to enter the Plan by filling out, signing and delivering to the Company an authorization:

- A. Stating the percentage to be deducted regularly from the employee's pay;
- B. Authorizing the purchase of stock for the employee in each Payment Period in accordance with the terms of the Plan; and
- C. Specifying the exact name or names in which stock purchased for the employee is to be issued as provided under Article 11 hereof.

Such authorization must be received by the Company at least ten days before the first day of the next succeeding Payment Period and shall take effect only if the employee is an eligible employee on the first business day of such Payment Period.

Unless a participant files a new authorization or withdraws from the Plan, the deductions and purchases under the authorization the participant has on file under the Plan will continue from one Payment Period to succeeding Payment Periods as long as the Plan remains in effect.

The Company will accumulate and hold for each participant's account the amounts deducted from his or her pay. No interest will be paid on these amounts.

Article 8 - Maximum Amount of Payroll Deductions.

An employee may authorize payroll deductions in an amount (expressed as a whole percentage) not less than one percent (1%) but not more than ten percent (10%) of the employee's total compensation, including base pay or salary and any overtime, bonuses or commissions.

Article 9 - Change in Payroll Deductions.

Deductions may not be increased or decreased during a Payment Period. However, a participant may withdraw in full from the Plan.

Article 10 - Withdrawal from the Plan.

An employee may withdraw from the Plan (in whole but not in part) at any time prior to the last business day of a Payment Period by delivering a withdrawal notice to the Company, in which event the Company shall promptly refund the entire balance of the employee's deductions not previously used to purchase stock under the Plan.

To re-enter the Plan, an employee who has previously withdrawn must file a new authorization at least ten days before the first day of the next Payment Period in which he or she wishes to participate. The employee's re-entry into the Plan becomes effective at the beginning of such Payment Period, provided that he or she is an eligible employee on the first business day of the Payment Period.

Article 11 - Issuance of Stock.

Certificates for stock issued to participants shall be delivered as soon as practicable after each Payment Period by the Company's transfer agent.

Stock purchased under the Plan shall be issued only in the name of the participant, or if the participant's authorization so specifies, in the name of the participant and another person of legal age as joint tenants with rights of survivorship.

Article 12 - Adjustments.

Upon the happening of any of the following described events, a participant's rights under options granted under the Plan shall be adjusted as hereinafter provided:

A. In the event that the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if, upon a reorganization, split-up, liquidation, recapitalization or the like of the Company, the shares of Common Stock shall be exchanged for other securities of the Company, each participant shall be entitled, subject to the conditions herein stated, to purchase such number of shares of Common Stock or amount of other securities of the Company as were exchangeable for the number of shares of Common Stock that such participant would have been entitled to purchase except for such action, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, combination or exchange; and

B. In the event the Company shall issue any of its shares as a stock dividend upon or with respect to the shares of stock of the class which shall at the time be subject to option hereunder, each participant upon exercising such an option shall be entitled to receive (for the purchase price paid upon such exercise) the shares as to which the participant is exercising his or her option and, in addition thereto (at no additional cost), such number of shares of the class or classes in which such stock dividend or dividends were declared or paid, and such amount of cash in lieu of fractional shares, as is equal to the number of shares thereof and the amount of cash in lieu of fractional shares, respectively, which the participant would have received if the participant had been the holder of the shares as to which the participant is exercising his or her option at all times between the date of the granting of such option and the date of its exercise.

Upon the happening of any of the foregoing events, the class and aggregate number of shares set forth in Article 4 hereof which are subject to options which have been or may be granted under the Plan and the limitations set forth in the second paragraph of Article 5 shall also be appropriately adjusted to reflect the events specified in paragraphs A and B above. Notwithstanding the foregoing, any adjustments made pursuant to paragraphs A or B shall be made only after the Committee, based on advice of counsel for the Company, determines whether such adjustments would constitute a "modification" (as that term is defined in Section 424 of the Code). If the Committee determines that such adjustments would constitute a modification, it may refrain from making such adjustments.

If the Company is to be consolidated with or acquired by another entity (x) in a merger, consolidation or other reorganization in which the holders of the outstanding voting stock of the Company immediately preceding the consummation of such event shall, immediately following such event, hold, as a group, less than a majority of the voting securities of the surviving or resulting entity, (y) a sale of all or substantially all of the Company's assets or (z) otherwise (an "Acquisition"), the Committee or the board of directors of any entity assuming the obligations of the Company hereunder (the "Successor Board") shall, with respect to options then outstanding under the Plan, either (i) make appropriate provision for the continuation of such options by arranging for the substitution on an equitable basis for the shares then subject to such options either (a) the consideration payable with respect to the outstanding shares of the Common Stock in connection with the Acquisition, (b) shares of stock of the surviving or successor corporation, or a parent or subsidiary of such corporation, or (c) such other securities as the Successor Board deems appropriate, the fair market value of which shall not materially exceed the fair market value of the shares of Common Stock subject to such options immediately preceding the Acquisition; or (ii) terminate each participant's options in exchange for a cash payment equal to the excess of (a) the fair market value on the date of the Acquisition, of the number of shares of Common Stock that the participant's accumulated payroll deductions as of the date of the

Acquisition could purchase, at an option price determined with reference only to the first business day of the applicable Payment Period and subject to the 1125-share, Code Section 423(b)(8) and fractional-share limitations on the amount of stock a participant would be entitled to purchase, over (b) the result of multiplying such number of shares by such option price.

The Committee or Successor Board shall determine the adjustments to be made under this Article 12, and its determination shall be conclusive.

Article 13 - No Transfer or Assignment of Employee's Rights

An option granted under the Plan may not be transferred or assigned and may be exercised only by the participant.

Article 14 - Termination of Employee's Rights

Whenever a participant ceases to be an eligible employee because of retirement, voluntary or involuntary termination, resignation, layoff, discharge, death or for any other reason, his or her rights under the Plan shall immediately terminate, and the Company shall promptly refund, without interest, the entire balance of his or her payroll deduction account under the Plan. Notwithstanding the foregoing, eligible employment shall be treated as continuing intact while a participant is on military leave, sick leave or other bona fide leave of absence, for up to 90 days, or for so long as the participant's right to re-employment is guaranteed either by statute or by contract, if longer than 90 days.

Article 15 - Termination and Amendments to Plan

Unless terminated sooner as provided below, the Plan shall terminate on December 31, 2006. The Plan may be terminated at any time by the Company's Board of Directors but such termination shall not affect options then outstanding under the Plan. It will terminate in any case when all or substantially all of the unissued shares of stock reserved for the purposes of the Plan have been purchased. If at any time shares of stock reserved for the purpose of the Plan remain available for purchase but not in sufficient number to satisfy all then unfilled purchase requirements, the available shares shall be apportioned among participants in proportion to the amount of payroll deductions accumulated on behalf of each participant that would otherwise be used to purchase stock, and the Plan shall terminate. Upon such termination or any other termination of the Plan, all payroll deductions not used to purchase stock will be refunded, without interest.

The Committee or the Board of Directors may from time to time adopt amendments to the Plan provided that, without the approval of the stockholders of the Company, no amendment may (i) increase the number of shares that may be issued under the Plan, or (ii) change the class of employees eligible to receive options under the Plan, if such action would be treated as the adoption of a new plan for purposes of Section 423(b) of the Code.

Article 16 - Limits on Sale of Stock Purchased under the Plan

The Plan is intended to provide shares of Common Stock for investment and not for resale. The Company does not, however, intend to restrict or influence any employee in the conduct of his or her own affairs. An employee may, therefore, sell stock purchased under the Plan at any time the employee chooses, subject to compliance with any applicable federal or state securities laws and subject to any restrictions imposed under Article 21 to ensure that tax withholding obligations are satisfied. **THE EMPLOYEE ASSUMES THE RISK OF ANY MARKET FLUCTUATIONS IN THE PRICE OF THE COMMON STOCK.**

Article 17 - Participating Subsidiaries

The term “participating subsidiary” shall mean any present or future subsidiary of the Company, as that term is defined in Section 424(f) of the Code, which is designated from time to time by the Board of Directors to participate in the Plan. The Board of Directors shall have the power to make such designation before or after the Plan is approved by the stockholders.

Article 18 - Optionees Not Stockholders

Neither the granting of an option to an employee nor the deductions from his or her pay shall constitute such employee a stockholder of the shares covered by an option until such shares have been actually purchased by the employee.

Article 19 - Application of Funds

The proceeds received by the Company from the sale of Common Stock pursuant to options granted under the Plan will be used for general corporate purposes.

Article 20 - Notice to Company of Disqualifying Disposition

By electing to participate in the Plan, each participant agrees to notify the Company in writing immediately after the participant transfers Common Stock acquired under the Plan, if such transfer occurs within two years after the first business day of the Payment Period in which such Common Stock was acquired. Each participant further agrees to provide any information about such a transfer as may be requested by the Company or any subsidiary corporation in order to assist it in complying with the tax laws. Such dispositions generally are treated as “disqualifying dispositions” under Sections 421 and 424 of the Code, which have certain tax consequences to participants and to the Company and its participating subsidiaries.

Article 21 - Withholding of Additional Income Taxes

By electing to participate in the Plan, each participant acknowledges that the Company and its participating subsidiaries are required to withhold taxes with respect to the amounts deducted from the participant’s compensation and accumulated for the benefit of the participant under the Plan, and each participant agrees that the Company and its participating subsidiaries may deduct additional amounts from the participant’s compensation, when amounts are added to the participant’s account, used to purchase Common Stock or refunded, in order to satisfy such withholding obligations. Each participant further acknowledges that when Common Stock is purchased under the Plan the Company and its participating subsidiaries may be required to withhold taxes with respect to all or a portion of the

difference between the fair market value of the Common Stock purchased and its purchase price, and each participant agrees that such taxes may be withheld from compensation otherwise payable to such participant. It is intended that tax withholding will be accomplished in such a manner that the full amount of payroll deductions elected by the participant under Article 7 will be used to purchase Common Stock. However, if amounts sufficient to satisfy applicable tax withholding obligations have not been withheld from compensation otherwise payable to any participant, then, notwithstanding any other provision of the Plan, the Company may withhold such taxes from the participant's accumulated payroll deductions and apply the net amount to the purchase of Common Stock, unless the participant pays to the Company, prior to the exercise date, an amount sufficient to satisfy such withholding obligations. Each participant further acknowledges that the Company and its participating subsidiaries may be required to withhold taxes in connection with the disposition of stock acquired under the Plan and agrees that the Company or any participating subsidiary may take whatever action it considers appropriate to satisfy such withholding requirements, including deducting from compensation otherwise payable to such participant an amount sufficient to satisfy such withholding requirements or conditioning any disposition of Common Stock by the participant upon the payment to the Company or such subsidiary of an amount sufficient to satisfy such withholding requirements.

Article 22 - Governmental Regulations

The Company's obligation to sell and deliver shares of Common Stock under the Plan is subject to the approval of any governmental authority required in connection with the authorization, issuance or sale of such shares.

Government regulations may impose reporting or other obligations on the Company with respect to the Plan. For example, the Company may be required to identify shares of Common Stock issued under the Plan on its stock ownership records and send tax information statements to employees and former employees who transfer title to such shares.

Article 23 - Governing Law

The validity and construction of the Plan shall be governed by the laws of the State of Delaware, without giving effect to the principles of conflicts of law thereof.

Article 24 - Approval of Board of Directors and Stockholders of the Company

The 1996 Employee Stock Purchase Plan was adopted by the Board of Directors on September 6, 1996 and was approved by the stockholders of the Company on October 25, 1996. The 1996 Employee Stock Purchase Plan was amended and restated on May 29, 1997 to constitute the Amended and Restated 1996 Employee Stock Purchase Plan. The Amended and Restated 1996 Employee Stock Purchase Plan was amended and restated on April 14, 2000 to constitute the Plan. The Second Amended and Restated 1996 Employee Stock Purchase Plan was amended on May 31, 2002 and on May 27, 2003 to constitute the Plan.
